

3. **Club Championship** and **Presidents Cup** – Sudden Death Playoff

A. For the Presidents Cup if a match is tied after 18 holes the match must be determined by a sudden death playoff. Players will go out and play one hole at a time until one of them wins a hole and thus the match. Holes to be played will be determined by availability on the course at the time as determined by the course management. HANDICAP CANNOT be used since it can't be determined ahead of time which holes will be used.

B. For the **Club Championship**

1. Gross Winner each flight - will be determined by a sudden death playoff using the same procedure as in the Presidents cup as it is written above.

2. Net Winner each flight – will be determined by a Match of Cards using the same procedure as the weekly tournaments net scores as it is written above.
